ANAEMIC WOMAN CURED BY DR. WILLIAMS' PINK PILLS.

a New Lease of Life and Rec-ommends the Pills to All Others Who Suffer.

Anaemia is just the doctor's name for bloodlessness. Dr. Williams' Pink Pills for Pale People actually make Pills for Pale People actually make new blood. Can any cure be more direct or certain? Blood is bound to cure bloodlessness. Dr. Williams' Pink Pills cure anaemia just as food cures hunger. They cured Mrs. Thomas J. McGann, of 17 Lincoln Place. Plainfield, N. J., and they can do as much for any other pale, weak, alling, bloodless person.

"In the spring of 1903 I did my usual house cleaning." says Mrs. McGann, "and soon afterward I began to have the most terrible headaches. My heart would beat so irregularly that it was painful and there came a morn-ing when I could not get up. My doc-tor said I had anaemia and he was surprised that I had continued to live in the condition I was in. I was confined to my bed for nearly two months, the doctor coming every day for the first few weeks, but I did not improve

amount to anything.
"Altogether I was sick for nearly two years. I was as weak as a rag, had headaches, irregular heart beats, loss of appetite, cramps in the limbs and was unable to get a good night's sleep. My legs and feet were so swol-

sleep. My legs and feet well burst. len that I feared they would burst. "One day while I was wondering." how long I could live, feeling as I did, I received a booklet teiling about Dr. Williams' Pink Pills for Pale People. I read it and told my husband to get me some of the pills. Before very long felt a change for the better. taken about twelve boxes and although I was as near the grave as could be, I low feel as if I had a new lease of ife. I have no more headaches, the heart beats regularly, my cheeks are pink and I feel ten years younger. I feel that I have been cured very cheap-ly and I have recommended Dr. Wil-liams' Pink Pills to lots of my friends."

When Dr. Williams' Pink Pills re-place bad blood with good blood they strike straight at the root and cause diseases like headache, biliousness, indigestion, anaemia, neuralgia, sciat ica. locomoter ataxis and other disorders often pronounced incurable, Dr. Williams' Pink Pills are sold druggists, or will be sent by mail on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams' Medicine Co., Schenectady, N. language and racial history. He predicted that the bill would only embit-ter the rebels, since neither the government nor the rebels could win. Compromise was the only reasonable course,

In the house of representatives only were present, two less than the legal opening quorum. The senate bill passed the house by a party vote, and a party vote also a resolution of confidence in President Palma was adopted. A motion for the appointment of a peace commission of five members to negotiate with the insurgents was rejected.

Another feature of the day was the return to the Denver of the bluejackets landed last evening. The Washington government is believed here to have regarded the step as open to a construction of intervention.

The events of today indicated that the insurgents in Havana province held this view, as they signified \_ zir\_readiness on that account to quit the field. The railroads are completely tied up. no trains leaving Havana. This is a particular hardship to hundreds of country families who were coming to the city for safety. Telegraphic communication is almost as badly paralyz-

are persistent, but the absence of tele-graphic communication makes it impossible to verify them.

The Western railroad will tomorrow

endeavor to resume traffic, a promise having been secured from the insurgents not to interfere with trains. Many rumors are in circulation of the disaffection of the police, and fears of attacks and uprisings have not wholly disappeared, though they have been lessened by the presence of the Denver and the knowldge that the United States is sending other warships.

Senora Rosalie Abru, a wealthy so-ciety leader, was arrested today charged with holding a meeting of conspira-tors in her house in Palatino, a sub-urb of the city. She was released later

on bail.

Gen. Roderiguez has taken personal command of 700 rural guards and artillerymen, who, in conjunction with 300 volunteers and cavalry will proceed

against the revolutionists concentrated outside of Havare. Twenty-seven militiamen were sur-prised and captured today at Wajav,

in the outskirts of Havana, by revolu-tionists belonging to the band of Gen. An armed train with Maj. Clews' rapid fire gun command endeavored to return to Havana today in compliance with imperative orders, but was unable to pass the bridge which was blown up

at Taco-Taco.

An insurgent force under Gen. Carillo and Congressman Campos Marquettl surrounds Guanajay, which is unprotected except for 200 volunteers under command of the mayor.

#### KING EDWARD'S NAME FORGED TO A TELEGRAM.

St. Petersburg, Sept. 14.-Diplomatic and administration circles are greatly exercised over the discovery that a telegram purporting to have been sent by King Edward to the widow of Gen. Min three days after the assassination of the general at Peterhof by Zenaide Konoplianikovo, was not genuine. The message, which bore the da's of Aug. 29, was as follows:

"I am overwhelmed by your frightful bercavement, and beg you, madame, to accept my profound condolence. Edward,"

An investigation is in progress to determine the origin and motive of the telegram. The investigation has been conducted very quietly on account of the effect of the disclosure is likely to have upon the royal personners conhave upon the royal personages con-cerned, and scarcely an inkiling of the matter has reached the press. The mo-tive of the hoax is difficult to conjecture, though a message of sympathy relative to the fate of an agent of re-pression might not be without effect in such a internal combat as is going on in Russia or on the movement for an Anglo-Russian entente.

Washington, Sept. 4.—A brief in support of the petition of former United States Senator Burton of Kansas for a rehearing in the case in which he has been found guilty of accepting a fea for services rendered the Rialto company of St. Louis, was filed in the supreme court of the United States today. The brief is in the nature of a supplication, for another opportunity to present the case, and says in part:

Believing that the trial in the court below was not a fair one and that the

verdict rests on evidence not technically but substantially improper, evidence which removed the case from the region of fact to the realm of suspiction, and believing also that evidence was ex-cluded which alone could meet and rebut the evidence wrongfully decided, we' earnestly pray for a rehearing.

#### HOLY ROLLER PRACTISES.

Witnesses in Mitchell Trial Testified They Were Vile.

Seattle, Sept. 14.-Examinations bethe session of the commission appointed to examine into the sanity of Maud Creffield and Esther Mitchell today. O. V. Hurt and his son Frank were questioned in regard to the practises indulged in by the Holy Rollers, and the commission learned many details of sect that the witnesses heretofore had refused to divulge. According to the witnesses, the exercises were far more vile than would be gathered even from the reports that have gone out It developed in the testimony of O V. Hurt that there had been insanity in his family. He also stated that it was one of the beliefs of the Holy Roll-

ers that Creffield would be killed, and that his life must be revenged by one of the members of the sect.

John F. Miller, deputy prosecuting attorney of King county, was placed on the stand. His statements concerned conversations he had had with the prisfrom the time of the killing of Creffield up to and after the shooting of George Mitchell. He declared his disbellef in the immoral procedures alleged to have been indulged in by the followers of Creffield, but said that if

such practices were carried on they were certainly unusual and irrational. Chief of Police Wappenstein of Seattle veified the written statements made by the two women after their arrest. Mrs. O. V. Hurt of Corvallis, upon bearing the news of the insanity examination, collapsed. She will not be brought to Seattle unless it is abso-

lutely necessary. Tonight the physical examination of the two women was held, but no statements were made by the members of the commission as to their finding.

#### CAR RUNS OFF BRIDGE. ALL ABOARD DROWNED.

Toledo, O., Sept. 14 .- A handcar loaded with trackmen of the Wheeling & Lake Erie railroad ran off an open draw of the Maumee bridge tonight and all on the car were drowned. The number of men on the car is said to have been 12. So far two bodies have been recovered.

Owing to the fact that the men took the car from a point some miles from Toledo, where work is being done, identification of the missing men has not een learned.

It is also impossible to learn what prompted the fatal ride, as the men whoever they were, deliberately took the car and were under no orders. A coat and hat and a sack containing five loaves of bead were found floating

where the fatality occurred.

The men when first seen in the yards were ordered off the track by Yardmaster Thomas, but the men re-fused to obey him. On one of the bodies recovered was found a letter It is thought that most of the men aboard the car were foreign-
